BDL-1608 Ready for your corporate presentation or a lecture

NDI Hybrid Classroom

Elevate your Zoom class by using professional video equipment. If you are doing a corporate presentation or a lecture for your class, you want your presentation to look captivating and engaging. Using two cameras and a video switcher gives you more versatility when it comes to a number of different camera angles you can have. In addition, the use of NDI technologie in this solution allows you to streamline your workflow.

Key Features

Made for Hybrid events

iCast 10NDI is a Hybrid event switcher designed for classroom, lecture capture, conferencing with all the I/O needed for producing, streaming, recording, and conferencing with Zoom, MS Teams, and other platforms.

Touch Panel Control

An intuitive touch screeninterface with presets for screen layout settings, camera angles, and buttons for activationthe stream and recording for your event.

Multi-camera production

Don't limit yourself to a single camrea for your Zoom class. This solution allows you to have multiple camera angles to create a professional presentation.
